Cox Business Services is proud to be a significant contributor to the economic health of the region. As technology advances and market forces change, companies are finding new ways to do business. More and more, they are finding that locally based partners such as Cox Business Services can best provide the solutions they need.

Cox Business Services is the business-to-business division of Cox Communications. We are a full service, facilities-based provider of advanced communications solutions to thousands of business customers throughout the State of Louisiana, offering an entire suite of voice, high-

speed Internet, dedicated data and video transport services.

Our customers range from small and medium sized businesses to large accounts to the rapidly growing work-from-home market. Client representation is reflected in our strong offerings in the healthcare, education, commercial real estate, government, technology and retail sectors. And in the hospitality market, we provide services to more than 21,000 guest rooms in the New Orleans market alone.

Cox Business Services has the financial strength, network sophistication, product spectrum, local support infrastructure and proven client delivery track record to satisfy any communications need. And we are your neighbors.
